

## **USask Mask and Vaccine Policy** *Updated October 1, 2021*

### **Indoor mask requirement extended for indoor and outdoor recreation on campus.**

All USask Rec patrons are **required to wear 3-ply single-use masks in all indoor and outdoor recreational spaces** on USask campuses. This includes faculty, staff, students, visitors, spectators, and community members.

If you are entering the Physical Activity Complex or Education Building for recreation activity, you will be able to retrieve a 3-ply mask **free of charge** at the front desk. We ask that you please wear your own mask indoors until you can retrieve the provided 3-ply mask.

Masks are required while participating in recreational programs at all outdoor locations on USask campuses.

For Campus Recreation, this means that **effective immediately** our patrons and our staff will be **required to wear 3-ply masks while participating in [Campus Recreation intramurals outdoors on the USask campus](#)**. We anticipate more than 20 student participants, substitutes, staff, officials, on-site supervisors, and spectators at games so this applies to our intramural programs, no exceptions.

Your compliance with this is appreciated and we hope you understand that by following this protocol not only are you protecting yourself and other, but also ensuring that our recreation programs continue to operate and provide opportunities to the USask community.

Single-use mask recycling stations have been set up across campus to minimize the environmental impact of using 3-ply single-use masks, keeping them out of the landfill. A complete list of mask recycling stations is available [here](#).

### **Vaccine Mandate for USask Rec programming.**

In alignment with the USask PRT and the Saskatchewan Health Authority, **beginning October 1, 2021**, USask Rec will be requiring all community members attending our facility and programs **ages 12 and older** to show proof of being fully vaccinated *or* a negative COVID-19 test before participating in or spectating our recreation programs at the Physical Activity Complex and Education Building.

Fully vaccinated individuals may provide proof of having received two doses of a [WHO-approved COVID-19 vaccine](#) (*ie. E-health record, wallet card received at time of immunization, provincial vaccine proof QR code-coming*)

Unvaccinated or partially vaccinated individuals must provide visual proof (*ie. photo*) of your negative test with a date that shows the test was taken within the past 48 hours.

On-campus community members must complete their vaccination status requirements through the [Vaccine Status](#) channel in PAWS and are only permitted into our facilities and programs if they are fully vaccinated or uploading two weekly negative COVID-19 tests as required by the University of Saskatchewan.

These measures aim to minimize the health risks to all when on USask campuses and participating in our recreation programming.
